CHARLOTTE.

R. P. WARING, Editor.

Tuesday, November 30, 1869.

Agricultural Society.

The meeting which was held in this city on Tuesday last, appointed a committee to recommend permanent officers and to prepare the preliminaries for a regular organization, which, committee will be ready to report to the meeting which will be held to-day. This is a matter of great importance, not only to this entire region of country but to THIS CITY. It is therefore hoped that the citizens will take an interest in the proceedings and manifest it by a full attendance. Then, at the ringing of the bell it is expected that the Court House will be well filled—not only with farmers, but merchants, mechanics, manufacturers, and indeed, with a full representation of all avocations and professions.

Dr. Livingstone is now credited with having discovered the chief sources of the Nile. They arise between ten and twelve degrees South latitude, "or nearly (says the doctor) in the position assigned them by Ptolemy, whose river Rhapta is probably the Rovuma." He has discovered also a large tribe, living in underground houses in Rua. He is expected to arrive in England within a few months. The great traveler's modesty is well exemplified in his candid avowal of his belief that the sources of the Nile were probably known to Ptolemy.

COOPERATIVE COOKERY.—Prof. Blot, having despaired of the attempt of making the American people a nation of epicures by teaching the ladies how to cook, now proposes to reach the same end by a system of great cooperative kitchens, from which, if we may trust his promises, he is to send out breakfasts, dinners, and suppers, cooked in the perfection of the gastronomic art, and yet costing less than the ill prepared meals which we are accustomed to bolt. At a meeting held in Brooklyn, he unfolded his plans. He intends to have an extensive central kitchen, where food of every description will be prepared and sent to families in any part of the city. Families will be supplied with bills of fare from which to order what they please for every meal. The food would be carried in tin pails, enclosed in wooden boxes lined with felt, so arranged that the food would remain hot for hours. Food at the central kitchen would be prepared more economically and more scientifically than by ordinary family cooks.

Baltimore American.

ANOTHER REVOLT OF A COOLIE SHIP.—A Havanna letter to the New York *World* gives an account of the arrival at that place, recently, of the French bark Tamaris, with sixty-eight coolies on board, out of 300 originally shipped at Macao, on the 5th of February last. When the vessel was within 270 miles of Java, the coolies revolted and killed the captain, (Rennis,) whereupon the crew took to the boats and succeeded in reaching Java. A Dutch war vessel was sent out, and after a thirty days' cruise overtook and recaptured the Tamaris. The coolies, finding they were really to be taken to Cuba, became desperate, and jumped overboard on every opportunity, and some of the original number to death.—Perished in the mutiny and in fire per the Dutch war vessel, and 177 committed suicide, leaving only sixty-eight on board when the vessel arrived at Havana.

A HEARTLESS MOTHER.—On Tuesday last a negro woman placed her child, a little boy about two years old, on the track of the Southwestern road, about one mile this side of Winchester, for the purpose, no doubt, of having it killed. The engineer saw the little fellow on the track and stopped the train as soon as possible, but not in time to prevent the child from receiving serious injury on the head by being struck with the cow-catcher. The blow knocked it from the track and prevented the train passing over its body. It was a most cruel and heartless attempt of the mother to destroy her child. She has not yet been arrested.

Why has nature given us two ears and but one tongue? In order that we may repeat but half of what we hear.

The Legislature of North Carolina.

HOUSE OF REPRESENTATIVES.

FRIDAY, Nov. 29, 1869.

Mr. Pou in the Chair.

COMMITTEE OF THE WHOLE.

Mr. Durham moved that the clerk address a note to the Public Treasurer, D. A. Jenkins, requesting him to appear before this committee at half past one o'clock.

After the lapse of a few moments Mr. Treasurer Jenkins appeared before the bar of the House. The resolution going into the committee of the whole was read. The Chairman then stated the information wished, was the amount of bonds issued under appropriations of this Legislature, since July 1st 1868 and to whom issued.

Mr. Durham said if the Treasurer wished time to refer to his books, he moved he be allowed it.

Mr. Treasurer said that all the details would be found in his report and the Chief Clerk would prepare a list of the appropriations, and he could not give the Committee more information if he should stay here until to-morrow night.

Mr. Durham moved that the Chairman propose such qestions he saw fit and the clerk take down his answers. Carried.

The Chairman said as was customary he would administer the usual oath.

Question by Chairman. What amount of bonds have been issued to various Railroads by act of this Legislature since July 1st, 1868?

Answer. $12,600,000.

On motion, the Treasurer was allowed to read from a tabular statement, drawn up by the Chief Clerk of the Treasury: To the Tarboro' and Williamston, R. R. $300,000, delivered to President Stubbs; Western Division of the Western N. C. R. R., amount authorized, $6,656,000, amount issued $6,367,000, amount in Treasury $299,000, delivered to G. W. Swepson or order; Eastern Division, amount authorized $333,400; issued $273,000, in Treasury $60,000, delivered either to Dr. Mott or Mr. Tate, the report would show; W. C. & R. R. R. authorized $4,000,000 issued $1,500,000, $2,500,000 yet to be delivered, $1,000,000 to Col. Cowan, $500,000 to Dr. Sloan; North Western N. C. R. R., amount required by certificate $1,440,000 as so much per section, $1,080,000 delivered, $360,000 in the Treasury. Western R. R. amount authorized $1,500,000, amount issued $1,320,000, in Treasury $180,000, delivered to A. J. Jones.

The Treasurer said that they could consider all the bonds as issued as the law required him to keep a certain amount to secure the payment of the interest.

A. T. & O. R. R. amount authorized $2,000,000, (exchange of bonds) $1,760,000 delivered $1,760,000 in Treasury $240,000 delivered to Gen. [illegible] Stanly, or under his order to Mr. McAden.

These amounts constituted the valid appropriations in accordance with the decision of the Supreme Court. Question by Mr. Durham, Has any interest been paid on any of these bonds, if so, to whom and to what amount?

Treasurer, I can hardly answer the question without giving the details of all my——

Mr. Moore, of Chowan. Stop Mr. Witness, I insist that every word of your answer shall be in writing.

Treasurer. Understanding that our bonds would be worthless, I obligated——

Again Mr. Moore raised the same objection.

Treasurer. Interest has been paid, but from the way of the transaction, I did not know whether I had paid

---

Again Mr. Moore insisted that the witness's answers should be an writing, in accordance to the rule just adopted.

Treasurer. It is impossible for me to answer the question unless I can go into a detailed explanation.

Pending further examination, on motion of Sweat, (col) the Committee arose, reported progress and asked leave to sit again.

The Chairman reported progress, when,

On motion the House adjourned.

NOTE.—Messrs. Arrowood, Robinson voting upon the Preamble and Resolution in reference to the removal of disabilities, said if they placed the same definition upon it, as Mr. Durham, they should certainly vote against it, but as it proposed merely to acknowledge the civil and political equality of the colored race, so far as the letter of the law does, they supported it on the ground that issue involving that question had been finally decided.

As far as marriage between the races was concerned, the law, as construed by the Supreme Court, settled that question.

Cut Off His Hand.—On last Monday, two colored men, Rufus McClellan, of this place, and Burt Hall, of Salisbury, got into a dispute about some matter, when Burt Hall, who held in his hand an axe, struck at his adversary, who throwing up his arm to parry the blow, had his hand severed entirely from the arm at the wrist. The offender was taken before a magistrate and sent to jail.—*Statesville American.*

LATEST NEWS.

WASHINGTON.

WASHINGTON, Nov. 29.—Revenue to-day $466,000.

Delano relieves split kindling wood from the tax heretofore imposed. [This will be good news to the little niggers who tote the article about Raleigh on their heads, for sale. Ed. Sentinel.]

There will be no arguments in the Supreme Court after Tuesday. The new term commences on the 6th of December.

The *Star* has the following: There are rumors afloat that Secretary Fish laid before the Cabinet dispatches received by him from minister Sickles, to the effect that the Spanish authorities were about to instruct their minister here to again demand the gun boats and if he should meet with refusal, to demand his passports; also, that several Spanish war vessels had been ordered to our coast.

WASHINGTON, Nov. 27.—The bulk of the forthcoming Message is completed. Western members of Congress will oppose any scheme for contracting the circulation. They represent that there is a money famine in the West.

A strong impression exists that the Judiciary Committee will report resolutions impeaching Judge Busteed of Alabama.

The proceedings at Akron Ohio, regarding the Erie and Great Western Railroad are approaching a crisis. Judge Boynton will entertain no more dilatory motions. Negotiation for compromise are active. Affidavits indicate that Jay Gould's sickness was all pretense.

The Secretary of the Navy pronounces the abstract of his report, as published this morning, bogus.

KENTUCKY.

LOUISVILLE, Nov. 27.—Robinson & Co., tobacco manufacturers, have failed, liabilities $200,000.

Facts for the Ladies.

Mrs. H. B. of Rockford, Ill., writes; I send you a Wheeler & Wilson Machine, No. 10,426, to have attached the recent improvements—the improved loop-check, tension, glass foot new style hemmer, braider, and corder. I have used this machine for six years, without repairing, and in that time it has earned for me a little over $4000.

One of the few successful enterprises of the day is PARKER & Co.'s One Dollar Sale. Their system offers a greater opportunity for the purchase of the thousand and one useful articles, at a price that comes within the reach of all classes, than any other.

It is a well understood fact, that certain classes of goods pay the dealer a very large percentage of profit: This appears almost necessary, especially in Fancy Goods, Jewelry, Silver Plated Ware, &c., of which a dealer does not sell sufficient of any one article to make it an object of trade, and is obliged to purchase in small quantities; and when the goods are sold by three or [illegible] and each charge a very large profit, the price becomes double the original cost of manufacture before reaching the hands of the people.

It is in such goods Parker & Co., 98 & 100 Summer St., Boston, deal most extensively. Their sales are so immense they make each article a speciality, often buying all a manufactuer can produce. Their system gives universal satisfaction. Read their advertisement.

ALLEN'S LUNG BALSAM

THE REMEDY FOR CURING

Consumption, Coughs, Bronchitis, Asthma And Croup.

AS AN EXPECTORANT

It Has No Equal.

It is composed of the active principles of roots and plants, which are chemically extracted, so as to retain all their medical qualities.

Ministers and Public Speakers

Who are so often afflicted with throat disease, will find a sure remedy in this Balsam. Lozanges and wafers sometimes give relief, but this Balsam, taken a few times, will insure a permanent cure.

Will all those afflicted with Coughs or Consumption, give this Balsam a fair trial, they will be pleased with the result, and confess that the SURE REMEDY IS FOUND AT LAST.

It is Sold by all Druggists in Charlotte.

Davis' "Pain Killer."

Stephen Miles, Davenport, England—Gents—I have great pleasure in recommending the Pain Killer. For more than three months I suffered severely with a sore throat, for which I consulted the best physicians, but derived no benefit until, by a friend's advise, I tried your Pain Killer as a gargle. In a short time it completely cured me. While in India I frequently gave your medicine to the natives when no doctor could be had, in cases of severe headache, rheumatic pains, cramps in the stomach, and cholera, AND IT ALWAYS CURED THEM. I consider it a most valuable medicine.

Yours, &c. STEPHEN MILES.

GENTS.—I have used *Perry Davis & Son's "Pain Killer"* in my family for nearly a year past with great success. I deem it a valuable medicine, it gives almost immediate relief. I like to have a supply always on hand, and would cheerfully recommend it to all my friends.

THOMAS W. EWING, Baltimore,
Pub. of Meth. Protestant.

Sold by F. Scarr, Charlotte, and all Druggists.

We Live in three Climates.

In this country we have at different seasons of the year, the temperature of three climates. Our Springs and Autumns have a softness and mildness that belong only to the Temperate Zones, our Mid-summers are torrid, and our Mid-winters almost arctic in their rigidity. These changes involving a variation of from ninety to one hundred degrees of Fahrenheit during the year, are upon the whole conducive to health and long life, but they tend to entail upon us some distressing complaints which can only be escaped by the exercise of due care and the use of a proper antidote when the system is pre-disposed to contract them.

The chief and most annoying of these disorders is dyspepsia, once supposed to be incurable, but which, since the introduction of HOSTETTER'S STOMACH BITTERS, now about twenty years ago, has proved to be a perfectly manageable disease.

In the Spring and Fall, but more especially in the Fall, the symptoms of dyspepsia are generally aggravated. The profuse expenditure of the animal fluids under the burning sun of Summer, is apt to leave the stomach weak and indolent and incompetent to the task of perfect digestion. It requires a tonic which will rouse it from its lethargy and brace and invigorate without irritating or inflaming it. This tonic has been provided in the wonderful vegetable preparation which has replaced in a great measure, all the old palliatives formerly prescribed by physicians, under the false idea that the disorder could not be radically cured. The success of HOSTETTER'S BITTERS in all the varieties of dyspepsia, acute or chronic, has effectually exploded this fallacy, and it is now recommended as a specific for indigestion by some of the most eminent members of the medical profession.

LADIES' COVERINGS.

We have a great variety of
CLOAKS
made to order and got on up in handsome style. We have a large assortment of
SHAWLS
of all the new styles,
FURS and MUFFS

FORTY THOUSAND CASES OF GOODS were shipped from our house in One Year, to families, clubs and merchants, in every part of the country, from Maine to California, amounting in value to over

ONE MILLION DOLLARS.

Our facilities for transacting this immense business are better than ever before. We have agents in all the principal cities to purchase goods from the manufacturers, importers, and others for Cash, and often at an immense sacrifice from the original cost of production.

Our stock consists, in part, of the following goods :—

Shawls, Blankets, Quilts, Cottons, Ginghams, Dress Goods, Table Linen, Towels, Hosiery, Gloves, Skirts, Corsets &c., &c.

Silver-Plated Ware, Spoons plated on Nickle Silver, Desert Forks, Five bottle plated Casters, Britannia Ware, Glass Ware, Table and Pocket Cutlery in great variety.

Elegant French and German Fancy Goods, Beautiful Photograph Albums the newest and choicest styles in Morocco and Velvet Bindings.

Morocco Travelling Bags, Handkerchief and Glove Boxes &c. Gold and Plated Jewelry, of the newest styles.

We have also made arrangements with some of the leading Publishing Houses, that will enable us to sell the standard and latest works of popular authors at about one half the regular price :—such as BYRON, MOORE, BURNS, MILTON, and TENNYSON'S WORKS, in full Gilt and Cloth Bindings,—and hundreds of others.

These and everything else for

ONE DOLLAR FOR EACH ARTICLE.

We do not offer a single article of merchandise, that can be sold by regular dealers at our price. We do not ask you to buy goods from us unless we can sell them cheaper than you can obtain them in any other way,—while the greater part of our goods are sold at about

One half the Regular Rates.

We want good reliable agents in every part of the Country. By employing your spare time to form Clubs and sending us orders, you can obtain the most liberal commissions, either in Cash or Merchandise, and all goods sent by us will be as represented, and we guarantee satisfaction to every one dealing with our house.

Agents should collect ten cents from each customer and forward to us in advance, for Descriptive Checks of the goods we sell.

The holders of the Checks have the privilege of either purchasing the article thereon described, or of exchanging for any article mentioned on our catalogue, numbering over 350 different articles—not one of which can be purchased in the usual way for the same money.

The advantages of first sending for Checks are these: We are constantly buying small lots of very valuable goods, which are not on our catalogues, and for which we issue checks till all are sold; besides, in every large club we will put checks for WATCHES, QUILTS, BLANKETS, DRESS PATTERNS, or some other article of value, *giving those members of the club an opportunity of purchasing an article for about one quarter of its value.*

"In every order amounting to over $50, accompanied by the cash, the Agent may retain $2.00, and in every order of over $100, $3.00 may be retained to

PAY THE EXPRESS CHARGES.

This offer is more especially to assist Agents in the Western and Southern States, but is open to all customers.

COMMISSIONS

Agents will be paid ten per cent. in Cash or Merchandise, when they fill up their entire club, for which below we give a partial List of Commissions:

For an order of $30, from a club of Thirty, we will pay the Agent, as Commission, 28 yds Brown or Bleached Sheeting, Good Dress Pattern, Wool Square Shawl, French Cassimere Pants and Vest Pattern, Fine Large White Counterpane, etc., etc., or $3 in cash.

PARLOR HEATERS,

S. B. SEXTON'S CELEBRATED

PATENT BALTIMORE PARLOR HEATERS

AND GAS BURNERS,

for Anthracite or Bituminous coal, have been in successful operation for the last six years, and have proved to be the best Five-plate Heaters manufactured and put in operation. They are getting to be generally used, often in the place of furnaces, for heating the lower and upper rooms in dwellings and offices. Two or three Stoves heating the largest dwellings, and besides, are quite ORNAMENTAL and ILLUMINATING, having all the beauty and cheerfulness of an open grate fire but are more ECONOMICAL, CLEANER, and RADIATING A LARGER AMOUNT OF HEAT. We can refer to thousands of families who have them in use.

We manufacture our own COOKING STOVES, and we guarantee them to be equal to any sold for baking and cooking. We have Stoves to take in long wood and with large ovens, and are superior Stoves for baking. We are getting out some new patterns of Cooking Stoves, that will burn Bituminous coal, hard coal, or wood. They will have a beautiful finish, and will stand among the N. 1 Cook Stoves. Our Cooking Stoves are Baltimore made, and we guarantee the plates. Our Cooking Ranges are pronounced the best and cheapest in the market — Baking of all kinds can be done in our Ranges as quickly and equally as well as in a brick oven. We will manufacture S. B. SEXTON'S new patent Hot-Air Furnaces, warranted to burn from 30 to 40 hours with once firing.

Thankful to our friends and the public for their past favors, we solicit a continuance of their patronage.

We shall continue our exertions to please our guests, and spare no pains nor expense to make our Table and our Hotel what it has ever been, the best in the city.
